Hi Jan,

I'm working on a journalism project about Wheelabrator in Saugus and its environmental impact for my senior thesis at Tufts University. The final project will be put on a public website. In my research I read the Community Assessment Program's report "Evaluation of Cancer Incidence in Saugus, MA." I would love to interview you or someone who worked on the report and ask some questions about the report. Let me know if that might be possible. Thanks!

Best,  
Greta Jochem
